3-D SOUND COMPANY 2025 CRUISIN CALENDAR

Phone cell: (815)-973-1341 or 973-1342

E-Mail: susan@3dsound.org - Web Page: www.3dsound.org - facebook: 3D Sound Company

Hello Cruisers!

As I sit down to write this I am reminded of the first time I did this almost 40 years ago. The first cruising calendar was three pages long and listed about 20 events. We had 600 copies run at the local High School. This year we will print several thousand copies and list over 100 shows.

We have truly been blessed with the acceptance we have received and the increase of events we have been involved in. As you scan these pages you will probably notice a slight decline in the number of shows we are involved with this year. We are entering the twilight of our career and Old Father Time has got us slowing down a bit. Our health is starting decline and we are no longer able to maintain the pace we have set for ourselves in past years.

We do look forward to a full year in 2025 and are hoping to spend time with all of our long time old friends as well as some new friends that we haven't met yet. The Car Show hobby is alive and well with a bright future and we are so glad that we have been a part of it for all these years!!

David & Susan Palmer

Cruisers.

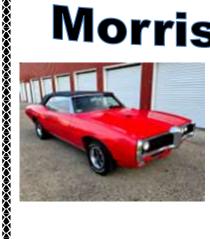

Well, here we are at the end of another year, and it seems like it has just begun! First off, we would like to thank all of our calendar sponsors for advertising another year and helping us fund the printing and mailing of this publication! 39 years ago, Dave started this business and the distribution of this calendar of events, and we are still going strong.

We enjoy meeting with all of you our friends each week to see what you have done different to your cars, trucks, etc. There are so many great mechanics out there, and it seems that there are so many great ideas on how to soup up or improve your hot rods each year. That's what makes the sport so enjoyable for us and all the spectators as well as the other car enthusiasts!

Here's to many more years with the sport and keeping it alive for the next generations to come. There are some second and third generation families at the shows, and its fun to watch the younger ones with the cars we grew up with! See ya out there soon!!
